Ever have a huge buildup to something and got all excited only to have it suck in the end? That's how Strawberry's long-awaited date with Josh went. It put her in a terrible mood. To make matters worse, her manager, Horatio, assigned her a "partner", Ultracow.

Strawberry is in a terrible mood because her date with Josh was a massive dissapointment. To make matters worse, Horatio has assigned her a partner in crimefighting, Ultracow. Capable, modest, infuriating Ultracow.

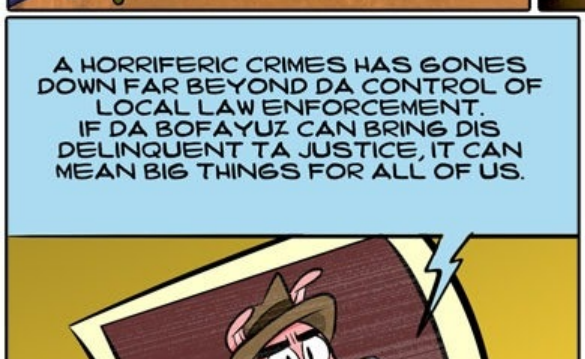
PREBIOUSLY ON GROG BUFFOON GRAWMERRY:

So, like, Strawbs is bummed 'cause the date she waited, like, forever for went really, really poorly. Her manager, Horatio Porque, set her up with a new partner, Ultracow. Ultracow is really nice, cool, and good at her job, so, naturally, Strawberry gets even crankier. After patrolling, they took a break at Bean There where they still are. Rawk.



A HORRIFERIC CRIMES HAS GONES DOWN FAR BEYOND DA CONTROL OF LOCAL LAW ENFORCEMENT. IF DA BOFAYUZ CAN BRING DIS DELINQUENT TA JUSTICE, IT CAN MEAN BIG THINGS FOR ALL OF US.

IN THE BEFORETIMES IN FROG RACCOON STRAWBERRY:

Strawberry has been forced by her manager, Horatio, to team up with the frustratingly-capable Ultracow. The duo has just learned that they need to save Christmas even though it's already Smarch and Garfuary is quickly approaching. But not in the usual Christmas special way-- they have to save the concept of Christmas!

IF I WERE A BLATANT REDRESSING OF A PAGAN RITUAL, WHERE WOULD I BE?

PARDON ME, MOOSE CANNON.
THAT WAS CLOSE... THIS THING'S ROOMIER THAN IT LOOKS.
ANYWAY, WHERE TO LOOK? DO YA EVEN KNOW WHAT CHRISTMAS
MU.
ACTUALLY, HORATIO DIDN'T MENTION WHERE THE SCENE OF THE CRIME WAS. HOW WOULD

LOOKS LIKE?
I KNOW WHERE SOMEONE MIGHT DEPOSIT A DAY?!
NATIONAL DAYPOSITORY
...I AM NOT AN OBSERVANT FELLOW.

RECENTLY ON FROG RACCOON STRAWBERRY:
Strawberry, fresh off her unsuccessful date with Josh and cranky, cranky, cranky, was forcibly teamed-up with a capable hero named Ultracow. Horatio informed the duo that Christmas, the actual concept, had been stolen. They approached the National Daypository, where days are kept.

VALENTINE'S DAY
KWANZAA
HERE'S WHERE CHRISTMAS WAS KEPT. IF WE DON'T GET IT BACK SOON, WE WERE PLANNING TO REPACKAGE KWANZAA AND HOPE NO ONE NOTICED.
GOOD GOD, MAN!!
ALLOW ME TO PLAY THE SECURITY TAPE OF THE NIGHT IN QUESTION.
OH MY.

PREVIOUSLY IN FROG RACCOON STRAWBERRY:

Heartbroken after a cruddy date, Strawberry is in a crappy mood. It only got worse when Horatio paired her up with a capable hero named Ultracow. Currently, they're investigating the disappearance of the concept of Christmas. Their investigation lead them to the Daypository, where the concept of days are kept... which is kind of like going to the bank and saying you're "investigating a bank robbery".

What's that? That's actually what you'd do if you were investigating a bank robbery? Well, fine. You're so smart, you go investigate bank robberies, and I'll just continue writing the recap at the tops of comics for minimum wage. Someday you fools will recognize my genius. Someday.

Strawberry and Josh dated. It sucked. She bummed. Piggypie Jones... I mean Horatio made her team up with the amazing Ultracow. Ultracow rules. This makes Strawberry even bummed-er. While they were patrolling or having something resembling coffee or whatever, somebody stole the concept of Christmas, even though it's Smarch already. They went to the Daypository, the place where they conveniently keep days. There, they checked the security video and identified the thief as The Walrus.

And now, I guess we've left the Daypository because, as I can see below, there's a new establishing shot. Fantastic. You know, for the amount an establishing shot costs, they could've given me a significant raise. I swear, once I find a better job on a real webcomic like... "Sucks To Be Weegie" or something, I'm going to leave this place angrily. And loudly.

Sal the Recap Guy out.

Right, so, I'm kind of running out of ways to restate this, but Strawberry went on a disasterous date with a guy she'd been waiting a while for. If it wasn't for disappointment , she wouldn't have any appointment. Horatio, her manager teamed the newly-crabby Strawberry up with a capable cyborg cow named Ultracow. She looks more like Mega Man than the guy in that Tekken vs Street Fighter game. Anyway, the two are hunting down the stolen concept of Christmas, which was "cleverly" stolen after the holiday was long since over. They're now hot on the trail of the thief, The Walrus in his apartment building. Just before now, Ultracow gave Strawberry a little pep talk about her post-date insecurities.

I gotta be honest, I have no idea where this is going. I'm sure the guys who actually make this strip know where all this is going, but as the guy who has to write these increasingly-lengthy recaps, I hope they just knock on the door, slap the idiot around, and take back Christmas so I can get back to playing Pushmo.

Falsely sincerely,

-Sal the Recap Guy
